

EXHIBITION PERFORMANCE POLICY

Exhibition Performances are defined as local area dance/gymnastics/martial arts studios which use students to perform 5 to 8 minutes between Main Stage booked entertainment. These studios will be given the opportunity to participate in the Bush Hill Heritage Festival by providing short exhibitions at the Main Stage. They may be selected to entertain between band performances. The selection will be the sole decision of the festival Entertainment Committee and preference will be given to studios which are members of the Archdale-Trinity Chamber. A press release will be issued by the chamber notifying local studios of this opportunity and process. A free booth space will no longer be provided for these performances.
